FROM: Richard G. Darman
Director

SUBJECT: National Communications System (NCS) FY 1991
National Level Program Funding Guidance

The National Communications System member agencies should include in their FY 1991 budgets the amounts listed in the attached table. I understand that agencies represented on the Committee of Principals have already agreed that these amounts will be funded with available resources. The funds support the NCS National Level Program (NLP), consisting of the Commercial Network Survivability (CNS), Commercial Satellite Communications Interconnectivity (CSI), and Nationwide Emergency Telecommunications Service (NETS) programs.

Each NCS organization should work with the Manager of the NCS on appropriate means to transfer resources.
